Privacy Policy:

What we do with the data we collect when you register online:

We collect your contact details to ensure you are a bona fide member of the jewellery trade. We will keep these securely for future use with contacting you, orders, approbations and invoicing. These details are confidential, for our own use and are not sold or passed onto any third party in any shape or form.

We ask you to supply two trade references who we will only contact in regard to your registration. We will ask them confirm your status and standing in the jewellery trade.

When you register you will have the opportunity to opt-in to our email list. We use the email list to keep clients informed of events we may be involved in such as exhibitions. We may also contact clients when new items become available in stock which may be of interest. We do not send out spam and we never pass on the email addresses to any third party. You will have the option to unsubscribe from our email list at any time.

We offer registration to jewellery trade members who are based in the United Kingdom and the Republic of Ireland only.
